| Local Government Insurance Trust (LGIT) | For over 30 years, Maryland's local governments have covered their primary and excess liability, auto, environmental, property, cyber and equipment breakdown insurance needs through the Local Government Insurance Trust (LGIT). Owned and managed by its members, LGIT was founded in 1987 by act of the Maryland General Assembly through the joint efforts of the Maryland Municipal League (MML) and the Maryland Association of Counties (MACo). Since 2010, LGIT has provided local governments an alternative for their health insurance needs with LGIT HEALTH. This health co-op helps control the cost of health insurance. LGIT's purpose is to meet Maryland's local governments risk management needs - not to make a profit by selling insurance. Because of LGIT, local governments know they now have insurance coverage available to them at stable rates and predictable costs - regardless of private insurance industry cycles. In addition to the publications produced by LGIT, they also provide a wide variety of Risk Management services including: Training, Grants, the LGIT Online Campus and the HR Compliance Portal. | http://lgit.org | 700 |

| Maryland Agricultural & Resource-Based Industry Development Corporation | The Maryland Agricultural and Resource-Based Industry Development Corporation (MARBIDCO) is an agricultural development financial intermediary organization established to promote the continued viability of Maryland's farming, forestry, and seafood industries. A major objective of MARBIDCO is to help agricultural and resource-based businesses to start, expand, diversify and exploit emerging market opportunities in food and fiber production, with an emphasis on helping young and beginning farmers get access to affordable capital and credit. MARBIDCO's core programming involves the making of low-cost loans for farmland and capital equipment purchases (often working in conjunction with commercial lenders), as well as, incentive grants for county project matching funds and farm value added processing activities. Moreover, MARBIDCO can finance food production activities in all regions of the State, including in urban areas. Finally, by working in cooperation with county governments, MARBIDCO also offers the Next Generation Farmland Acquisition Program and "Small Acreage" Next Generation Program, which are farmland conservation easement or easement-option-purchase programs designed to help facilitate the transfer of farmland to a new generation of farmers while preserving agricultural land from future development. | http://www.marbidco.org/ | 224 |
