Verizon	Verizon is here to help the public sector. Verizon serves as a trusted partner to the public sector, from rural communities to the largest State and Federal agencies. We enable better government through our best-in-class networks, innovative solutions, exceptional customer experience, and decades of success helping get mission-critical projects done right. With Verizon on their team, our customers can serve their constituents better, work more efficiently and remotely, create smart communities, empower young learners, help ensure public safety, and respond quickly to emergencies.	Verizon and VPP partner, Connected Solutions Group, will be sharing live demonstrations of a handful of Fixed Wireless Access solutions to the attendees. Justin Bradley (Verizon) will be providing a live demo R1900 Cradlepoint mobile command kit which is enclosed in a rugged case with battery power, 2 Wifi channels all on the Verizon Network powering 5G. We will have a Peplink BR1 Pro 5G to show as well which is a ruggedized 5G router used in more rough terrain use cases. For example, police, EMT, fire apparatus or nema enclosures out in the elements for surveillance connectivity. CSG will be providing a live demo of their Mobile Command Brute Case, Potsolve (Pots line replacement solution) content for agencies needing to upgrade old copper lines in their buildings (Fax, Alarms, Elevator). CSG will also be demoing their in-house M106 LTE Gateway for small office and remote staff connectivity use cases.	https://www.verizon.com/business/solutions/public-sector/	9
