| Baltimore City | Whether you live here or area a visitor, you know that our City - known for its irresistible charm - is one of America's truly great cities. We rightly boast of the finest medical systems in the world; Ours is a college town with truly great institutions of higher learning - where students from nearly every nation on earth come to learn and mature, and where groundbreaking research is conducted and prized. Areas of our City that were less than desirable, are now thriving with new businesses, new restaurants and new residents. We enjoy real estate market value that is the envy of Washingtonians 40 miles from our Inner Harbor, who pay so much more for so much less. Our major league teams, internationally-renowned symphony orchestra, celebrated museums and acclaimed performance theaters draw tens of thousands of tourists and residents from neighboring counties, filling our restaurants and hotels and contributing to economic growth. This is our Baltimore - the City we know and love - a city we have every reason to celebrate. | 807 | |

| Lenovo | As a proven technology partner for government agencies, Lenovo is committed to connecting users, citizens and organizations in important new ways that strengthen communities. | 621 | www.lenovo.com |
| LGIT Health | LGIT is a member-owned association authorized by state law, wholly owned and managed by its local government members. The Trust's main purpose is to provide joint self-insurance programs or pools for towns, cities and counties in the State of Maryland. The concept is simple - local governments leverage their purchasing power through contributions to the trust, maintain their individual claims fund, are fully protected from shock claims, experience transparency in their costs and receive surplus funds that are based on their actual claims experience. | 607 | https://www.lgit.org/576/LGIT-Health |
| Local Government Insurance Trust- LGIT | For 30 years, Maryland's local governments have covered their primary and excess liability, auto, environmental, property and equipment breakdown insurance needs through the Local Government Insurance Trust (LGIT). Owned and managed by its members, LGIT was founded in 1987 by act of the Maryland General Assembly through the joint efforts of the Maryland Municipal League (MML) and the Maryland Association of Counties (MACo). Since 2010, LGIT has provided local governments an alternative for their health insurance needs with LGIT HEALTH. This health co-op helps control the cost of health insurance. LGIT's purpose is to meet Maryland's local governments risk management needs - not to make a profit by selling insurance. Because of LGIT, local governments know they now have insurance coverage available to them at stable rates and predictable costs - regardless of private insurance industry cycles. In addition to the publications produced by LGIT, they also provide a wide variety of Risk Management services including: Training, Grants, the LGIT Online Campus and the HR Compliance Portal. | 608 | www.lgit.org |

| Maryland Ag Dept/Conservation Partnership | A coalition of federal, state and local agriculture agencies dedicated to protecting and conserving natural resources and promoting Maryland agriculture by providing a range of educational, financial, technical assistance and regulatory programs. Members include the Maryland Department of Agriculture, Maryland Association of Soil Conservation Districts, State Soil Conservation Committee, University of Maryland Extension, USDA Natural Resources Conservation Service and USDA Farm Service Agency. | 219 | www.mda.maryland.gov |
| Maryland Agricultural and Resource-Based Industry Development Corporation | The Maryland Agricultural and Resource-Based Industry Development Corporation (MARBIDCO) is an agricultural development financial intermediary organization established to promote the continued viability of Maryland's farming, forestry, and seafood industries. A major objective of MARBIDCO is to help agricultural and resource-based businesses to start, expand, diversify and exploit emerging market opportunities in food and fiber production, with an emphasis on helping young and beginning farmers get access to affordable capital and credit. MARBIDCO's core programming involves the making of low-cost loans for farmland and capital equipment purchases (often working in conjunction with commercial lenders), as well as, incentive grants for county project matching funds and farm value added processing activities. Moreover, MARBIDCO can finance food production activities in all regions of the State, including in urban areas. The Corporation has also been tasked, as a conduit revenue bond issuer, with assisting State and county land conservation agencies in facilitating installment purchase agreement easement sales and related farmland preservation programs. | 615 | marbidco.org |

| Maryland Association of Community Colleges | At 16 community colleges, 23 campuses and more than 1000 learning sites across the state, close to half a million Marylanders annually pursue academic degrees, 130 career and technical certifications and licenses, and diverse classes that develop and refresh career and life skills. Community colleges offer affordable courses in flexible formats to meet student needs, and also provide customized training to meet labor needs of individual employers through WorkSmart. The Maryland Association of Community Colleges (MACC) advocates for the state's community colleges and the educational needs of the students they serve. | 421 | https://mdacc.org/ |
| Maryland Association of County Health Officers | The Maryland Association of County Health Officers (MACHO) is a non-profit organization whose primary purpose is to promote the health and well-being of Maryland citizens. It actively works with MACo, the State Department of Health and Mental Hygiene, the State Department of the Environment, and other health related agencies. Its activities include education, liaison, and public health policy development and implementation. | 316 | www.mdcounties.org/MACHO |
| Maryland Association of Nonpublic Special Ed Facilities | A range of 84 nonpublic state-approved special education schools offering specialized services and support to students with disabilities. These schools, located across the state, provide high-quality services customized to meet each student's needs. Students are referred by Local School Systems, which results in no cost for parents. For more information and a listing of our member schools, contact the Maryland Association of Nonpublic Special Education Facilities. | 417 | http://www.mansef.org |
| Maryland Attorney General's Office, Consumer Protection Div. | The Office of the Attorney General has general charge, supervision and direction of the legal business of the State, acting as legal advisors and representatives of the major departments, various boards, commissions, officials and institutions of State Government. The Consumer Protection Division of the office provides a mediation and arbitration service to consumers to help resolve complaints against businesses and health insurance carriers. There are two different mediation units within the Division, the General Mediation Unit and the Health Education and Advocacy Unit, to meet a wide variety of needs. These units handle approximately 10,000 complaints each year and are successful in approximately 60% of the cases they handle. In addition, the Health Education and Advocacy Unit handles private health insurance appeals and is very active in assisting consumers with the Health Insurance Exchange. | 126 | www.marylandattorneygeneral.gov |

| Zelenkofske Axelrod, LLC | <p>Zelenkofske Axelrod LLC, (ZA) is a Pennsylvania based regional CPA firm employing over 45 professionals, with offices in Harrisburg, Greensburg, Pittsburgh, Greater Philadelphia, Pennsylvania; Dover, Delaware; and expanding into Maryland, which specializes in providing auditing, accounting and consulting services to governmental entities and not-for-profit organizations. Our growth over the years has been through specialization in the governmental industry. Our clients include counties, component units of the state, townships, boroughs, authorities, cities, and school districts. Not all CPA firms specialize in the complexity of accounting and auditing standards which govern these entities. We do! Several of our partners and directors have worked in Big 4 firms and have brought their experience to Zelenkofske Axelrod LLC to grow our governmental practice to where it is today. The quality of our work is second to none, particularly in the government and not-for-profit industries. This fact is evidenced in many ways, but independently supported through our most recent Peer Review which included review of specific governmental engagements, resulting in the highest rating of pass.</p> | 609 | www.zallc.org |
| Zerodraft Maryland | <p>Zerodraft Maryland is a Building Energy Efficiency Consultant and Contractor. LED lighting and Controls. Building Envelope. Insulation. Water. HVAC. Benchmarking. Grant Applications.</p> | 410 | zerodraftmd.com |
