Department of Permitting Services	<p>The National Association of Counties (NACo) has announced that Montgomery County's Department of Permitting Services (DPS) has received a "Best of Category" 2014 Achievement Award in the category of County Administration Management for its ePermits Apply Online Program. The program earned "Best in Category" status, according to NACo, due to its "exceptional results and unique innovations." Customers can apply online from their home, office or any other location with internet service. eServices (ePermits and ePlans) improves service delivery for customers by allowing for concurrent reviews, reduces the risk of errors, is more transparent, makes permitting more accessible and convenient, improves use of diminished staff resources to meet increasing work volume and responsibilities, and conserves precious environmental resources by reducing paper consumption, vehicle emissions and fuel consumption. In 2013 35 percent of applications for new home permits have been submitted as ePlans and more than 50 percent of all electrical permits are issued as ePermits.</p>	920	<a href="mailto:permittingservices@montgomerycountymd.gov">permittingservices@montgomerycountymd.gov</a>

WasteZero	WasteZero, the leading provider of municipal solid waste reduction programs in the U.S., is on a mission to cut residential trash in half across the nation. WasteZero partners with hundreds of municipalities throughout the U.S. to reduce the amount of waste landfilled and burned, increase recycling, and generate savings. The company helps municipalities design, launch, and manage next-generation pay-as-you-throw systems, in which people pay by the bag for their solid waste services. These programs increase individuals' awareness of the cost of their trash, reducing solid waste by an average of 44% and doubling or sometimes tripling recycling. In most cases, WasteZero is able to guarantee its municipal customers that its programs will meet or exceed specific waste reduction targets. WasteZero manufactures the customized specialty plastic trash bags for its programs and other customers in the U.S. from recycled content. It is committed to creating U.S. jobs and to solving the nation's solid waste crisis. A certified B Corporation, WasteZero is a national organization with key management offices in Raleigh, N.C., and the Boston area, and a manufacturing facility in Hemingway, S.C.
